## UNTAMED HARMONIES

***AZZI & OSTA unveil their latest Couture Collection for Autumn/Winter 2025, a revolutionary blend of tradition and innovation that redefines the boundaries of haute couture. Titled "Untamed Harmonies," this collection is a celebration of creativity and freedom in uncertain times, introducing a modern reinterpretation to classic elegance and crafting a harmonious fusion of opulence and imagination.***

"Untamed Harmonies" explores the interplay between freedom and creativity, drawing inspiration from a rich tapestry of influences. Each dress is a unique creation that transcends the limitation of an overarching theme, reflecting the designers' dedication to breaking free from conventional limits and allowing their imaginations to flourish in an ambiguous era where escapism is essential.

The collection is meticulously crafted using the finest materials, including sumptuous silk crepes, silk faille, intricate handmade flowers, moiré, Dentelle de Lyon, and plush velvets. The pieces are adorned with 3D silk organza maze embroidery, voluminous double satin layers, opulent taffeta skirts, and ethereal embroidered tulle tails. Bejeweled tassels of crystals and pearls add a touch of glamor, while faux leather flowers and sculptural gazar elements create depth and texture. The inclusion of pleated tulle and handcrafted surfaces made from twisted and tied tubes of satin further demonstrates AZZI & OSTA's dedication to pushing the boundaries of traditional craftsmanship.

Complementing these extraordinary ensembles are bespoke accessories designed to enhance their allure. Custom-designed amber and brown crystal earrings, along with a gold-plated shoulder brooch adorned with semi-precious stones and pearls, add an old-world glamor finishing touch to the collection.

The color palette is a visual delight, encompassing a spectrum of hues including sand, ivory white, luminous citrine, midnight blues, liquid silver, mauve orchid, tangerine, gold, crimson red, teal, and ebony. Each color is selected to evoke a range of emotions and moods, inspired by the places visited and daydreams that influence the collection's narrative.

In a nod to modernity, the collection features new craftsmanship exploration with the "Red Coral" look, introducing innovative elements such as bold red silk double satin, an origami-inspired bust and the hood's interior adorned with intricate hand-beaded sequins and crystals. A sheer tulle corset at the waist provides a delicate, ethereal touch, while flared skirts made from tied and woven silk satin tubes add a dynamic texture to the ensembles. These pieces showcase AZZI & OSTA's commitment to fabric experimentation and manipulation, offering a fresh perspective on couture.

Named with evocative identities such as "Queen Mother," "Bangkok," "Moonlit Dunes," and "Rosamund," each piece invites the woman to embark on a journey of elegance and fantasy. "Untamed Harmonies" by AZZI & OSTA celebrates the artistry, innovation, and storytelling that define modern couture.
